

For security reasons, we have recently enabled single sign on for the Blackboard platform.

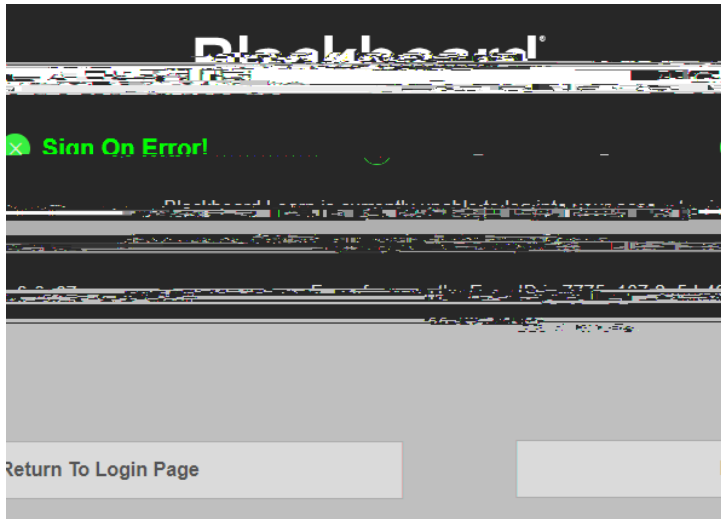

If you encounter an error when logging in, please follow the steps below.

1. Go to <http://bf.ice.com>
2. If you are logged in already select your initials or image in the top right corner and choose

If you are signed into your browser/office with your personal account or a different work related account, you may need to log out of that account and into your Northern College account to access Blackboard. Please follow the steps above for [how to log out of a different account](#) to resolve this.

Click

Completely close all tabs/windows and restart the browser

Click on the three lines top right corner

Click            and

Set appropriate time range (may have to choose All Time if you have yet to successfully log in)

Under the            heading click            then choose

Completely close all tabs/windows and restart the browser
